A MESSAGE FROM SCOTT REIS

What a season this has been! First, I would like to thank all of our members and staff for coming together and getting us through these unprecedented times. From the slow start and club closure, to masks and dining limitations, to rescheduled events and new ways of hosting outings, it has been quite the season. We appreciate everyone's patience and understanding as we go through these crazy times together.

I am excited to report some great things we have done this year to enhance your membership experience. The long-awaited deck remodel was finally completed in July, just in time to help us with our outdoor seating! We have hosted cigar dinners and wine dinners on the deck and had a great experience. I would like to thank two of our members that helped make this possible: Keith Good from CGA Architects, who worked tirelessly to get us through permitting and planning over the past year, and Brian Rutter, for adding some great lighting to complete the project. Zephyr Thomas Home Improvement were the contractors who got all the work done, so a big shout-out to them too!

Over the past two winters, we have taken down more than 100 dead, dying, and dangerous trees. Combined with some major storms and wind, we have been left with quite a few stumps! We are just about finished having them all grinded, which will help clean up the property visually and take away some difficult shots for those of us who have an attraction to trees!

I would also like to take this time to welcome all the new members who have joined this year. It is so great to see all the new faces in tournaments, social events, and dining! Thank you for choosing and trusting Meadia Heights to be your Home Away from Home.

We are also incredibly happy to see more than half of our membership convert to the new Platinum Membership class! This program has been extraordinarily successful, and we have received nothing but great feedback about it.

With all of that being said, I am very excited to finally announce a major development. The rumors are true — Meadia Heights will be adding a pool complex to our property! The plans have been drawn, the surveys have been taken, the contractors are being scheduled, and we are hoping to break ground early next year. Keith Good and CGA Architects have been working hard to get this project on the schedule. The pool complex has been in the making for the past two years, and I am incredibly grateful for the opportunity to head this project. Soon Meadia Heights will be able to welcome back this essential amenity and give our membership a great place to relax, socialize, and catch some rays. Stay tuned for the planned opening date!

Lastly, I would like to congratulate all of our tournament winners this year. Your patience with all of the schedule adjustments was greatly appreciated. Thank you to all of our members for choosing Meadia Heights Golf Club to be your Home Away from Home!

Stay safe,

Scott Reis

Summertime

Equals...

RELAXING MOMENTS BY THE

Pool

COMING SOON

It's been quite a while since Meadia Heights has had a pool for its membership to enjoy with family and friends, but that will soon be a reality again. We have teamed up with local member businesses to bring back this enjoyable summer pastime and provide a place where everyone can kick back, cool off, and catch some rays.

As of now, construction is scheduled to start in 2021, in the hope that it will be completed for the summer. Unlike Meadia Heights' previous pool, this one will be located conveniently near the club, with bathrooms, a bar, and a kitchen for light fare.

We hope you will enjoy this new amenity as we continue to improve the club and the experience for our members and guests. Meadia Heights and its staff are committed to ensuring that everyone has an enjoyable time at Lancaster’s Home Away from Home.

To learn more about membership opportunities, please contact General Manager Scott Reis at scott@meadiaheights.com or 717.393.9761, ext 5.

EVERYTHING IS ROSIE

Well, we’ve reached the end of the long and winding road of summer and are well into fall. The summer of 2020 was challenging in more ways than one, and I hope everyone is safe and healthy.

On the golf course, we certainly had our challenges and adversity. Long, hot summer days with no rain followed by continuous days of all rain made for quite a contrast in management strategies. Drought and heat stress were prevalent early on, along with continuous disease pressure. Syringing and cooling the turf on those hot days went a long way in maintaining our course condition. Heavy rainfall brought different problems, as mowing and spraying schedules had to be altered. Through it all, our crew trudged on and got the job done. I cannot thank them enough for their hard work and dedication.

Plans for the fall include various cultural practices that will reap benefits the following year. Aerifying greens, verticutting, seeding, and fertilizing will all be used to prepare our course for next year. Just remember, it has to get ugly before it looks great again.

I hope everyone has enjoyed and appreciated our efforts to give you the best possible playing conditions and experience this past year. We will continue to press on to make Meadia Heights Golf Club the best it can be. Thank you for your patience, and I wish all of you the very best.

Regards,
Bob "Rosie" Rosensteel,
Golf Course Superintendent

IT'S YOUR COURSE

FAIRWAY DIVOT REPAIR

We take pride in our course, and we hope you do as well. Visitors to our club often comment on the great shape the course is in. Please help us keep it that way by repairing your divots! Below is a step-by-step guide on how to successfully repair a fairway divot so it will take root and continue to grow.

1

Oops! Divots happen to the best of us.

2

Place the divot back into the divot hole.

3

Step down on the divot and the edges firmly.

4

Pour divot mix around the edges.

5

Step down on the divot mix to smooth it out.

A properly fixed divot has the best chance to recover and provides a better hitting surface should another ball land on it. Unrepaired divots can go an entire season and not recover.

On the green, fix all your ball marks and make it a habit to fix others that someone may have missed. A properly fixed ball mark on the green will heal in 48 hours!

Port & Bourbon OLD-FASHIONED

There's nothing like a tried-and-true cocktail to celebrate, commiserate, or just round out a great meal — unless it's a tried-and-true cocktail with a twist. Adding a generous splash of port makes this Old-Fashioned a perfect cocktail for chilly fall evenings.

- 2 oz bourbon
- ½ oz port wine
- 2 dashes of bitters
- 1 bar spoon maple syrup
- Orange slice
- Club soda

1. Muddle orange slice, bitters, and maple syrup in a rocks glass.
2. Fill the glass with ice.
3. Add the bourbon and port wine.
4. Give the drink a quick stir or shake.
5. Top with club soda.

Clubhead Lag & Body Pivot

So many golfers create a habit of swinging with their arms. Here is a quick reminder of what is important during the golf swing.

There are two distinct ways to think about the golf swing: **hitting the ball** versus **swinging the club**.

Many golfers get trapped by thinking they have to hit the ball, and that mindset can get you into trouble. I challenge you to think more along the lines of swinging the club.

Clubhead lag and body pivot are the golf swing’s workhorse.

When you make a divot behind the ball, it is primarily because the clubhead came down too early. **The goal is to swing the club and pull the handle. Pulling the handle is the feeling we strive for.**

The opposite reaction is when golfers try to push the clubhead down to the ball using an “all arm” approach. **The clubhead is heavier than the handle. Your job is to keep the handle moving by using the pivot.**

- ✔ Maintaining your spine angle
- ✔ Turning through the impact zone
- ✔ Finishing your swing

Good Shot

And one final helpful tip: use the pivot foot to drive and move the handle as you accelerate through the impact zone.

MASTERS

memorable
moments

This year’s Masters Tournament has been rescheduled for November 12 – 15. While we wait to see who will don the famous green jacket, we thought it would be fun to relive some of the incredible moments the tournament has hosted over the years.

1997

Tiger Woods had quite the outing. Not only did he become the youngest Masters champion ever (at age 21 years, 3 months, and 15 days), but his 12-stroke margin of victory was the biggest in the history of the tournament. His record 70-66-65-69 (270) score was 18 under par — one stroke better than the previous record holders, Jack Nicklaus (1965) and Raymond Floyd (1976).

1946

It is well-known that Ben Hogan hated putting, but do you know why? It stemmed partly from his finish in the 1946 Masters. On the 18th hole, he needed only par to tie leader Herman Keiser, who had three-putted the hole. Hogan hit his approach to 20 feet... but he also three-putted, giving Keiser the victory.

1937

This year’s tournament saw one of the biggest swings in Masters history. In the final round, Byron Nelson overtook the leader, Ralph Guldahl, in a swing of six strokes in only two holes! Nelson played the 12th and 13th holes with a birdie and an eagle, while Guldahl shot 5 and 6 respectively.
