Happy winter! What a great season we had in 2022! From the 1920s-themed New Year's Eve party to the Centennial Pro-Am, and from the grand opening of our new pool to our 100-year anniversary gala, we were quite busy at Meadia. We want to thank all the members who attended and celebrated with us, as well as all the committee members involved in the planning of these wonderful events.

Congratulations to all of our tournament winners, and welcome to all of our new members who joined us in 2022. We hope you had a great start to your membership with us, and we look forward to a terrific 2023 season. We have some exciting news for 2023 — we'll be replacing our current golf cart fleet by March, and we'll be adding a beverage cart. We plan on having the cart on the shared tee box at holes 4 and 13 during most weekends and around the course during tournaments and regular play. We'll also be continuing with our tree work, rebuilding tee boxes, putting in place some new turf programs, and updating the overall landscaping of the property this winter.

Speaking of our golf course, I would like to welcome our new superintendent, Ryan Grady! After many excellent years of service from Bob "Rosie" Rosensteel, Ryan has accepted the challenge of maintaining our course. We are excited to see everything he will bring to Meadia Heights for many years to come!

The new pool was a big hit this year! We have some exciting plans for the aquatics facility, including more family and beverage races and the start of a new Meadia Heights Kids Club Camp. More information will follow in upcoming emails and issues of *Bump & Run*, so be on the lookout. Thank you to all the lifeguards, food and beverage staff, and our aquatics director, Skip, for a fantastic opening season. We're looking forward to another one in 2023!

Lastly, I want to thank all of our staff and committee members for their hard work and dedication throughout the year. And of course, thank you to our members for your support as we make Meadia Heights your Home Away from Home. See you at the club!

Cheers!

Restaurant Manager

**When did you start at Meadia Heights, and why did you decide to work here?**

I started at Meadia last November, if I’m not mistaken, on the 17th, after almost 20 years in the food and beverage industry. I had never worked at a golf club before.

**What is your favorite part of the job?**

I get to have a wonderful view every day and take care of the members in the best way possible.

**What is the most unusual or interesting job you’ve ever had?**

My most interesting job was working at Marmalade Restaurant and Wine Bar in Puerto Rico. This is where my love of food and beverage really made a big impact.

**Where did you grow up?**

I grew up in Ponce, Puerto Rico, after my father retired from the air force.

**What advice would you give to your younger self?**

Not all is work. Work-life balance is a thing!

**What do you like to do in your free time?**

I play golf, spend time with friends and family, and enjoy gaming.

**Describe your perfect day.**

Wake up, have a cup of coffee, and watch the Formula 1 race, or use the grill to make a banging dinner.

**What is your favorite food?**

I’m a fat kid, so the list is long, but I can always go for some Vietnamese pho, oysters, mortadella, or some Korean BBQ. Yum!

**What food is underrated or underappreciated?**

I have yet to find it.

**What is your favorite book, movie, TV show, and song?**

*Setting the Table*, *The Raid: Redemption*, *Archer*, and “Duel of the Fates” by John Williams.

**What’s something people might be surprised to learn about you?**

I have a 10-year-old, 80-pound Staffordshire terrier named Rocko that I brought from Puerto Rico with me.

**What skill or talent would you most like to learn?**

Pick up other languages like Japanese, French, or German.

**What is the weirdest fact you know?**

Did you know that when two black holes collide, they make a sound? And the Moscato grape was vastly utilized by the Egyptians as a side dish before the Mesopotamians started fermenting it into what we know as wine.

**Who is someone you look up to?**

Chef Peter Schintler. He was the one to give me the opportunity to showcase my skill and teach me the world of food and wine that I know and love today.

**What’s the last thing you were really excited about?**

When my mother visited for the holidays last year.

**What’s something you’re looking forward to right now?**

To keep improving and honing my skills as a hospitality professional.

# EVERYTHING IS ROSIE

It is a crisp mid-October morning as I sit down to write this. Summer is transitioning to fall, the leaves are beginning to show color, and change is in the air. Our attention shifts from summer survival to fall restoration as we prepare for next season. Greens have been aerated and are recovering nicely. Tees and collars will be aerated soon, and tees will be seeded to establish turf for next year. The rough, too, has been seeded and should begin to thicken up.

Speaking of change, by now many of you know that I will be retiring at the end of 2022. My time here at Meadia, 41 years, has been a rewarding and pleasurable experience. There have been a multitude of changes over the years. We have built new greens, re-grassed the fairways, and installed a new irrigation system, all while constantly tweaking and improving every area of the golf course. The membership has been very patient and understanding, even when play was disrupted. I hope the changes were greeted with approval and that the golf course itself has been playable and presented well.

There are many, many people I would like to thank, including past greens committee chairs, club presidents, pros, general managers, and my crew. We all worked together for the good of the club, a relationship that is critical for a smooth operation.

During my career here at Meadia, two people were critical to my success in the golf industry. The first is Doug Ritter, who, as the club pro, helped me build the relationship between the pro shop and greens crew. He also taught me the importance of building a relationship with the membership.

The second and more important thank-you goes to Tom Manchak. After I received my turfgrass management degree, Tom hired me and “schooled” me on the art of turf management. Pesticide use, seeding, fertilizing, and all the components of maintaining fine golf turf were discussed and practiced. He taught me the ins and outs of our trade, and from there, I formed the basis of my own philosophy. His continued support and encouragement after our “switch” made my decisions that much easier. I cannot say THANK YOU enough to Tom!

Then there is Nanci. For half of those 41 years, she has stood with me, always supportive, always encouraging. She has listened to everything imaginable, yet has always been there to keep me calm and relaxed. She is my rock — she kept me grounded when times got tough. I could not have done it without her. Many, many thanks, my dear. I love you with all my heart.

Well, the time has come for me to move on from superintendent to leisure golfer. Meadia Heights Golf Club is, and always will be, very dear to my heart. The friendships formed will last forever, as will the friendships to come as I stick around playing golf. It was always my goal to play with as many members as I could, and my new goal is to play with many more. I look forward to seeing you on the golf course.

Thank you to everyone involved with Meadia Heights. **Everything has been and will continue to be...Rosie.**

“Meadia Heights Golf Club is, and always will be, very dear to my heart.”

# OFF-SEASON PRACTICES TO STAY SHARP

Cold weather doesn't mean you have to stop working on your golf game. Here are four things you can do during the off-season to stay in shape and develop your skills.

## 01

### Do Strength Exercises

If you have a gym membership, I recommend visiting MyTPI.com to check out some of the drills and exercises they offer to develop your golf muscles. Strengthening certain muscles in the off-season will give you a head start come springtime.

## 02

### Work On Your Grip

I remember as a kid having a club in my hand, whether it was a wedge or a putter, and constantly working on my grip as I sat and watched TV. It takes hardly any effort at all, but this is a great way to work on changing your grip to develop optimal control and comfort so you're ready to hit the driving range in April with confidence.

## 03

### Visit Indoor Golf Centers

Another thing you can do in the off-season to better your game is visit the ever-growing list of indoor golf centers in the area. Participate in a league or just have fun with friends by playing a quick 18 holes and getting some swings in. A couple places to check out are inJoy Golf (454 New Holland Avenue, Suite 102) and Lancaster Indoor Golf and Training Center (1400 Manheim Pike).

## 04

### Watch YouTube

Whether you're looking for the perfect grip, or you swing out to in, or have poor posture, or hook the ball — whatever your weakest link is, search for it on YouTube.

You might be surprised what comes up.

YouTube has videos for all kinds of golf shots too, so you can search "sand bunker shots" or "flop shots" and learn from many different resources. This is particularly effective if you're a visual learner, as you can rewind the videos as many times as you like to see what you can do to improve.
