Spring is in the air, and we are thrilled to start a brand-new season at Meadia Heights Golf Club. Welcome to our newest members and our seasoned supporters — we are honored you have chosen our club as your Home Away from Home.

We'd also like to welcome our new superintendent, Ryan Grady. He hit the ground running in the off-season, making improvements to the landscaping and maintenance of the course grounds. Some of the changes include reseeding the rough off the fairway, trimming or removing over 40 trees, redoing the tee box hitting area at holes 4 and 13, and cleaning up the tee box areas on holes 4 and 13 to make room for our new beverage cart. We are eager for the beverage cart to arrive sometime this spring or early summer.

Our staff has been busy trimming and cleaning up the cart paths around the course to make space for our brand-new golf carts, which will arrive later this spring. The new carts are sure to enhance our members' travels with a smoother ride. An upcoming project will include replacing stairs along the greens to increase safety and improve the walking experience throughout the course as well.

We've also made some improvements inside our club. You'll notice the Ritter Grille, as well as our locker rooms, have a fresh coat of paint. Looking to the future, we're excited about our initial conversations with CGA Architects regarding plans for a new clubhouse. Stay tuned for updates.

As you can see, significant improvements have been in the works as we prepare for another fantastic season. We're proud of the progress, membership, and ongoing projects happening at Meadia, and we're excited for you to experience the difference.

We've enjoyed seeing some of you hitting the greens this winter during the weeks of unseasonably warm weather. The extra sunshine has us looking forward to our new kids camp program this summer and another wonderful pool season ahead.

Thank you again to our incredible staff for your hard work in 2022. We're anticipating another great season at the club in 2023, and we couldn't do it without you. Members, if there is anything we can do to enhance your experience at Meadia Heights, please do not hesitate to let us know. We look forward to making this year the best one yet.

Best,

DANIEL GLICK

All the improvements and vision. It's something I want to be a part of.

Where did you grow up?

Shillington, PA.

What advice would you give to your younger self?

When I was in 4th grade, for some reason, I thought it would be a good idea to trim my eyebrows with my dad's razor. I would tell myself not to do that.

What do you like to do in your free time?

I watch a lot of movies, enjoy arts and crafts, and dabble in a little carving and woodwork.

Describe your perfect day.

Probably just relaxing. Spending time with my wife.

What is your favorite food?

Cheeseburgers.

What food is underrated or underappreciated?

A peanut butter and jelly sandwich with a glass of milk.

What's the last thing you were really excited about?

Eagles were in the Super Bowl!

What is your favorite book/movie/TV show/song?

I like books about weird and strange facts. Documentaries are my favorite types of movies and TV.

What's something people might be surprised to learn about you?

I was voted class clown in high school.

What skill or talent would you most like to learn?

Play the harmonica.

What is the weirdest fact you know?

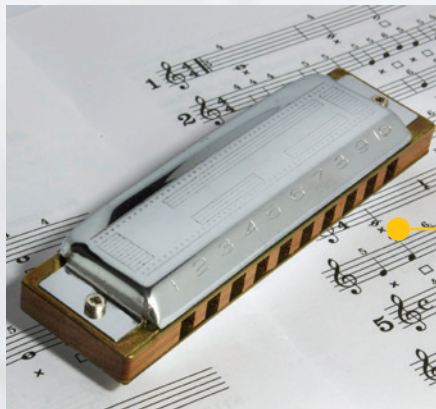

All of them would have been in a book called *What If?: Serious Scientific Answers to Absurd Hypothetical Questions*.

Who is someone you look up to? Why?

My parents Sue and Wayne. They are always there for me and my sister.

What's something you're looking forward to right now?

Lunch. I'm staaaaarving.

Dirty Laundry

By Craig Trout

During the 1997 Buick Invitational, pro golfer Larry Silveira became frustrated and angry at a local laundromat when one of the washers wouldn't work, even though he had put enough money in it.

Becoming irritated, he punched a nearby dryer with his fist and broke a bone in his hand. This took him out of action for two months. It was only later and in pain that he realized the washer was free!

COURSE MANAGEMENT

Course management is the approach you take to make better on-course decisions that fit best with your playing style. It's knowing which clubs to use, which shots to take, and when to play to your strengths. Here are a few tips to consider next time you hit the links.

1

Have a “go-to” longer club in your bag. A comfortable club you can rely on consistently will build your confidence throughout the round.

2

Play the percentages into the green. By aiming for the larger part of the green, you are more likely to still be on it should you miss the ball.

3

Practice distance control in putting. This is vital to becoming a successful golfer. If you struggle with distance control, calibrating your putting and associating a stroke size with a distance can be helpful.

4

Respect the downhill. A good goal for downhill putts is just to get the ball close or a percentage of the way. Gravity will take care of a lot of the distance on its own.

5

Smaller strokes around the green mean less chance for error. By extension, smaller strokes equal smaller mistakes.

Option 1: Putt.

Option 2: Chip when you cannot putt.

Option 3: Pitch or lob only when you have to.

If you chip with the right club, and you do not quite brush the grass, the ball should still find the green in most cases.

6

Be aware of “no-go zones.” Strategizing your shot accordingly (say, hitting shorter than usual to avoid landing in a bunker) can help you lessen the chance of penalties.

7

Ride your good streaks. There are times when we feel like we “have it” — and times when we don't. React to this. When you're on, be aggressive and try to drive your score lower. This may be the time you aim right at the pin or try to carry a hazard that you would normally play around. The reverse is true too. If you're not playing your best, choose less aggressive clubs or ways around the course to regain confidence and get going again. Good golfers make adjustments throughout their rounds all the time.

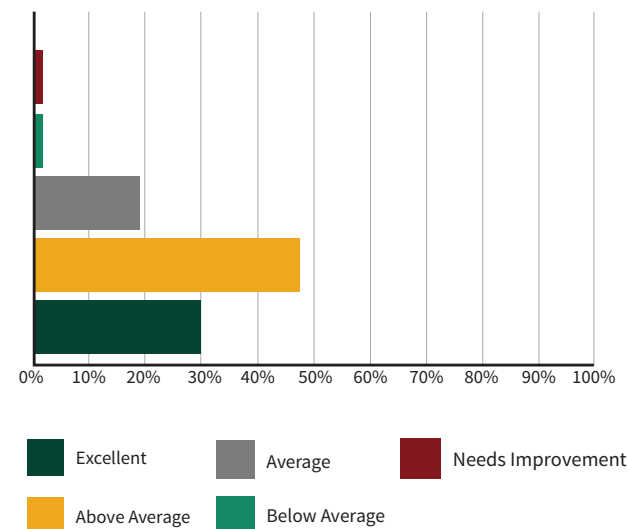

Member Survey Results

Thank you to the 165 members who completed our survey at the end of 2022. We were encouraged by the heartfelt comments about how Meadia Heights has impacted your families and the community. We also received many candid responses about ways to improve your overall experience. Our team reviewed each response and compiled data to make informed decisions about how to enhance and upgrade the club.

As a result of the survey, we are implementing a maintenance program at the par 3 tee boxes to improve the hitting surface. We also removed forty dead and dying trees from the course to improve the views, sight line, and safety of the greens.

Thank you again to everyone who responded. We value your feedback as we make decisions on the best ways to make Meadia Heights your Home Away from Home.

TURF TALK

Ryan Grady, Golf Course Superintendent

First of all, I wanted to say thanks to the members and staff for making me feel welcome here. Everyone made me feel right at home. I'm super excited to be here and can't wait for all the great things to come at Meadia Heights.

TIMBER!!! With the mild winter, we were able to do some major tree work. We hired a company to remove the massive dead trees throughout the course and remove low-hanging branches as well. Our staff was also busy with tree work and removing debris. These updates will improve the safety and sight lines throughout the course. We made a dent this off-season and will continue to make progress as we prepare for the 2023 season.

You'll notice number 4 and 13 tee boxes started to get a makeover. Staff built the two decorative log walls from trees we cut down on the course. Old blacktop was removed, and soil was graded. Red stone was brought in to finish the pad for the new beverage cart. As for the tee boxes themselves, we are going to strip the old turf and start fresh with new sod. We will also do the same to the senior tee at hole 7.

A small sod farm will be laid on the property. This will allow us to replace worn-out areas on tees and fairways quickly. In the fall, we slit seeded and fertilized the rough and tee to fairway areas. To improve our rough, a nutritional plan will be included in the maintenance program this year.

Track mats were installed recently to provide a smooth transition from the paved cart paths to grass. These mats will enable grass to grow even at such a high-traffic area. After a successful trial run, we will be adding more.

**I am looking forward to a great 2023 season.
I'll see you on the greens.**

Course Etiquette

As our membership grows, we want to maintain a high level of etiquette throughout the course. Here are four ways the staff and membership can work together to ensure an exceptional experience for everyone.

- 1

Sand Mix – Repairing Divots in the Fairways
We provide sand mix in our golf carts, and we ask that if you see a divot that has not been replaced, please fill it.
- 2

On the Green – Repairing Ball Marks
If you hit a shot and your ball lands on the green, please get into the habit of locating that ball mark and fixing it before you hit your putt.
- 3

Pace of Play – Keeping It at 4 Hours or Less
Our staff will do their best to control the daily pace of play. Foursomes have a priority on the course. If you are a single, twosome, or threesome, as long as you play in a 2-hour, 9-hole time frame, that is acceptable. If you are falling behind, work to catch up to the group in front of you.
- 4

Golf Carts – Staying on the Path
We prefer that golfers drive golf carts on the fairway as opposed to the rough. This will help the rough last longer throughout the season. Par 3 holes are always Cart Path Only. On hole 18, if you hit your ball to the left, we expect you to stay on the cart path and walk over to your ball.
