a message from
Scott Sklar

Dear Members,

I hope this message finds you well and enjoying the summer at Meadia Heights Golf Club. As we reflect on the year so far, I wanted to share some updates and address a few concerns to ensure we continue providing an exceptional experience for our members and guests.

First and foremost, I'd like to welcome all of our new members! It's been great to see so many new faces around the club. If there is anything we can do for you, please don't hesitate to stop by the golf shop.

I am also delighted to introduce two new team members who have already made a significant impact. Darya has joined us as a starter on busy days, becoming an invaluable part of our operations by ensuring your round of golf is charged accurately. We have also welcomed Greg, hired through Vista Autism Services. He has been instrumental in maintaining the pristine condition of our course by picking up trash, wiping down hole signs, and straightening the tee markers and stakes. Please extend a warm welcome to both Darya and Greg when you see them at the club.

This year, we introduced our new point-of-sale system, Club Caddie. While it has brought several improvements, such as a mobile app where you can view just about everything you need, it has come with some challenges as well. We are working to streamline the system and hope to have it fully synchronized in the coming months. We appreciate your patience and understanding during this transition. If you would like help downloading the mobile app on your phone, please stop in the golf shop, and we will be happy to assist you.

On a final note, please keep in mind a concern that has come to our attention: the use of golf carts. It is crucial for the health of our course that carts are driven and parked responsibly. When arriving at the greens, please park on the designated cart paths. Also, the reason we have a row of directional stakes along holes 6 and 12 is to redirect traffic away from those hills. Please stay off of them and drive your cart to the cart path. These actions will go a long way in preserving the quality of the area around greens, as well as overall course conditions. In the center placard on every golf cart, we have provided an on-course guide that I ask everybody to read and abide by.

Thank you for your attention to these matters and for your continued support of the club! Let's work together to maintain the high standards of Meadia Heights and make the rest of the year enjoyable for all.

Golfingly Yours,

SCOTT SKLAR

Welcome to Summer 2024!

Maybe it's me, but it feels like this season has been flying by. Seems like we were just bundled up doing winter work.

Spring 2024 was much better than years past, as we didn't break any records for lack of rainfall. It was also the first time in my career (not just at Meadia) that we didn't have to run an ad for employment. Our team was able to get the root pruning around the fairways and greens done, and I believe the fairways already look healthier and show fewer signs of drought stress — we just had a dry spell, and there were fewer localized dry spots. We also did a lot of irrigation repairs this spring, and all the in-play areas now have working irrigation. Sounds great, right? I think so.

This season, we are doing test trials with different growth regulators on the number 17 fairway. We are trying to find a happy medium where the poa annual doesn't yellow out so much but is not more aggressive than the bentgrass. You will notice a few boxes that appear different in color. We are not trying to remove any poa chemically, just find the perfect mix that suits our course. My inner nerd is pretty excited to do these tests.

You have probably noticed some playing areas around the greens have patches of taller and shorter grasses. As we apply growth regulator to our greens to keep them consistent throughout the season, it also hits parts of the rough, causing these patches. We have resodded and reseeded these areas, and will continue to do so, to drive out the unwanted grasses so putting is more consistent.

That's about it for this issue of *Bump & Run*. We are super excited for this season and hope everyone has a fantastic summer here at Meadia. Maggie also says hello and will be out on the course more to say it herself.

Patch It Like a Pro

At Meadia Heights, we're proud of our course, and we hope you are too. Everyone can do their part to keep it looking — and playing — great by fixing their divots and repairing their ball marks. But what's the best way to do it? Read on.

HOW TO FIX A DIVOT

A divot is the piece of sod that's displaced when you strike the fairway with your club head. By repairing it, the sod should take root again and continue to grow.

1

%*#! Divots happen to the best of us.

2

Place the divot back into the divot hole.

3

Step down on the divot and its edges firmly.

4

Pour a small amount of divot mix around the edges.

5

Step down on the divot mix to smooth it out.

HOW TO FIX A BALL MARK

A ball mark is the indentation that's made when a ball hits the green. Ball marks create an uneven putting surface if left unrepaired.

1

Thunk! Your ball has made its mark.

2

Insert a tee or divot tool behind the ball mark at a 45° angle.*

3

Pull it toward the mark's center, gently moving the turf to fill in the indentation.

4

Repeat, going around the entire ball mark.

5

Tap the mark with a putter to even it out.

*The "back" of a ball mark = the side all the turf has been pushed to.

TURF TALK

By Ryan Grady,
Golf Course Superintendent

IT'S IN THE BAG WITH

Michele Horton

How long have you played golf?

Two and a half years.

How long have you been a Meadia Heights member?

Two great years. The people at Meadia are wonderful.

How old are your irons?

Nine months old. I was playing with a used set of women's clubs that were

too short for me during my first two years of golf. When my swing became more consistent, I got fitted for new clubs. They have made a big difference in my game.

Which is your favorite club?

My trusty 8.

Which iron do you chip with?

My 10 iron, also known as the pitching wedge. When I was struggling with my pitching wedge, I started to think of it as a 10 iron, and my chipping improved. Golf truly is a mental game.

How far do you hit your 7 iron?

75–80 yards.

What brand of ball are you currently playing?

I bounce back and forth between the Callaway REVA and TaylorMade Kalea.

What's your current handicap?

28.6.

Lowest gross score for 18?

98.

What's the story behind your favorite ball marker?

We vacation across from Harbour Town Golf Links. My husband bought me a ball marker from the club, and as an incentive, he promised me that we would golf there after I shoot a game under 100. I get to use the ball marker for the first time this summer.

What's your favorite accessory in your bag?

My unicorn headcover is my favorite accessory, but I really like that the

golf bag I bought from the golf shop is monogrammed. I share the same initials as Meadia Heights.

Do you have any superstitions on days you play golf?

I swap out my tee if my drives aren't going well, because clearly it has to be the tee's fault.

If you could play any course in the world, which would it be?

I love history. I think it would be very cool to play at the old course at St Andrews.

Which tournaments have you won at Meadia Heights?

2023 Ladies' Scramble with Katie Lapinsky.

What's your favorite golf memory?

I had been playing golf for about three months and had a very impressive accidental first birdie on hole 15 at Pilgrim's Oak. It was a 284-yard par 4. My third shot was a 30-yard pitching wedge shot that I skulled. The ball hit the stick with great force and dropped straight down in the hole. It took my husband several minutes to stop laughing.

If your clubs could talk, what would they say?

"Pick the right club for the job. Stop being greedy and put that wood away, and use a hybrid or iron in the rough."

Tee for Two?

So, you've got a tee time set for you and a guest — that's great! We love seeing new faces at Meadia Heights. Before you step onto the first tee box, there are a few things we ask that you do:

1 Dress Appropriately

See the article on proper attire below, or the Guest Information page on our website, for helpful tips on presenting a neat, groomed appearance as you enjoy the course and clubhouse.

2 Show Up Early

You and your guest should arrive at Meadia at least 15 minutes before your tee time so you can check in, stretch, and prepare.

3 Check In at the Golf Shop

Stop at the golf shop to check in your guest, grab score cards, and pick up any items you'll need on the course.

4 Enjoy the Day

Be kind and courteous to other golfers while maintaining a 4-hour round of golf, follow golf cart rules, and enjoy our beautiful grounds. And be sure to stop at the 19th Hole afterward to toast your companion and introduce them to your fellow members!

Look Sharp!

Men

- Shirts with collars or mock turtlenecks.
- Neat pants or Bermuda shorts (no higher than 3" from the top of the knee), belts encouraged.
- Golf hats must be worn with the brim facing forward.

Women

- Shirts with collars (sleeved golf/polo tops may be collarless).
- Neat pants, capris, shorts (inseam should be at least 5" in length), or skorts, as long as they are not denim.

All golfers must wear golf shoes with soft spikes only.

Inappropriate Attire for Men & Women:

Blue denim jeans, cargo pants/shorts, athletic/gym shorts, sweatpants, warm-up suits, T-shirts, tank tops, and clothing that is worn, torn, baggy, ripped, or has holes.

Note on Clubhouse Attire:

Golf course attire guidelines also apply to the clubhouse, with two exceptions — neat, suitable jeans are permitted, and sports team attire is permitted at relevant times.

At the discretion of the golf professional staff, anyone wearing inappropriate attire will not be permitted on the golf course.

2024 3-DAY MEMBER-GUEST INVITATIONAL

The 2024 MHGC Member-Guest Invitational marked another successful edition of this popular tournament. After selling out in less than 24 hours, anticipation was high for an exciting three days. Luckily, the weather cooperated perfectly, giving us incredibly bright, sunny skies and moderate temps.

SHAWN GIPE & MIKE CONDRA

The scoring was intense, as many flight winners were decided by only a few points. And adding to the drama this year:

- We incorporated two additional wildcard teams into the shootout.
- We included a new game called Golf Cannon, a “closest to the pin” contest.
- A putting challenge was added.

In the end, two teams were tied heading to the final hole of the championship to determine the overall winner, but the tandem of **Shawn Gipe and Mike Condran** emerged victorious with a clutch tee shot to the middle of the 18th green, which practically cemented their 2024 title.

Don't Put Your Cart Before the Course

As your “Home Away From Home,” Meadia Heights prides itself on its course upkeep, with our outstanding grounds crew ensuring the club’s entire property remains pristine at all times. But, just as at home, we all have responsibilities in keeping the place tidy.

The easiest way for us, as players and club members, to help our crew maintain a beautiful course is to make sure we keep our golf carts on the designated paths as often as possible. Fewer tracks across fairways and through the rough makes for more uniform, fair play for all — and fewer headaches for Golf Course Superintendent Ryan Grady.

HERE ARE SOME QUICK TIPS ON GOLF CART ETIQUETTE FOR US ALL TO FOLLOW:

1. Follow all cart sign directions.
2. Utilize cart paths wherever and whenever possible, ensuring all four tires are completely on the cart path.
3. Do not drive on the tee, green, in bunkers, or restricted areas.
4. Stay clear of the greens and surrounding areas to preserve course conditions.

Please note: golfers who qualify for a handicap flag may be allowed to access restricted areas around greens and bunkers, and drive on fairways, as needed. **A handicap flag will be added to the cart to identify these golfers.** Restrictions still apply to handicap-flagged carts, including:

- Carts must stay on paths when parked at tees.
- Carts may not be driven into roped areas.
- Carts may not be driven into nonirrigated areas.
- Able-bodied golfers riding with a disabled golfer must walk to their ball when it’s in an off-limits area.
- If more than one disabled person is in the group, they must ride together.

The Queen of Starts

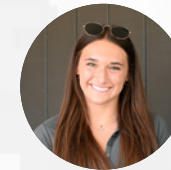

New Meadia starter Darya Batok knows how to keep things running on schedule. Between keeping up with her dogs — a border collie, Bennie, and a black Lab, Rodney — *and* managing golfers' tee times, she stays regimented and in charge at all times.

Darya came to the US from Ukraine when she was 9 and attended Solanco schools before moving away in her teens. Upon returning to Lancaster County, she decided to pursue a job that would let her interact with people and spend time outside: luckily for all of us, Meadia was the perfect fit. When she's not on the course, you'll find her making custom women's clothing, like coats, ski suits, dresses, and resort wear.

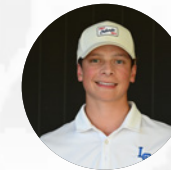

MEET THE BAG CREW

These friendly faces work hard to set you up for success, taking care of your clubs and bag before and after you hit the course. (What you do *on* it is up to you.) Be sure to stop by and say hello!
